

VISHAL KANNOJIYA

AI & ML Enthusiast | Python Developer | B.Tech CSIT Student

vishal.kannojiya17@gmail.com | GitHub: github.com/vishal5889 | LinkedIn: linkedin.com/in/vishal-kannojiya-45b4071b8

PROFESSIONAL SUMMARY

B.Tech CSIT 5th Semester student at MJPRU University with a strong interest in Artificial Intelligence and Machine Learning. Currently developing practical skills in Python, AI/ML, HTML, CSS, JavaScript, MySQL and GitHub. Interested in building intelligent applications, automation solutions and modern web projects.

WORK EXPERIENCE

ICCS Ltd. — Customer Care Executive (CCE)

Noida Sector 15 | 2023 – 2025 | 2 Years

- Handled customer queries and provided appropriate solutions with clear and professional communication.
- Supported issue resolution while maintaining customer satisfaction and service quality.
- Developed strong communication, teamwork, problem-solving and customer-handling skills.

EDUCATION

MJPRU University — B.Tech, Computer Science & Information Technology (CSIT)

Lateral Entry | Since 08 September 2025 | Currently 5th Semester

Government Polytechnic Bareilly, Bahedi — Diploma, CSIT

Passout: 2023

Intermediate (12th) — Passout: 2020

High School (10th) — Passout: 2018

PROJECTS

AI Voice Assistant

- Python-based voice assistant for speech interaction, opening applications, web search and laptop automation.

Personal AI & ML Portfolio

- Responsive HTML, CSS and JavaScript portfolio with profile, skills, projects, education, experience and contact integration.

Smart Chatbot

- Learning project focused on conversational AI, NLP concepts and Python-based chatbot development.

TECHNICAL SKILLS

- **Programming & Web:** Python, JavaScript, HTML, CSS
- **AI / ML:** Artificial Intelligence, Machine Learning, Deep Learning fundamentals, NLP fundamentals
- **Database:** MySQL
- **Tools:** Git, GitHub, VS Code
- **Core Skills:** Problem Solving, Web Development, AI Automation

CAREER OBJECTIVE

To start a career in AI/ML and Python development where I can apply my technical knowledge, learn advanced machine learning technologies and contribute to practical, real-world software solutions.
